A Note from our
President & Executive Director

In 2015, Pope Francis once again unified people of all faiths with his visit to the United States. His message was simple: be good to others who are less fortunate, help eliminate unrest around the world, and take care of the earth. Still, he is not telling people what they must do, but rather provoking thought on how each of us can make a difference, right where we are.

Here at the Society of St. Vincent de Paul on Long Island, we too are challenging ourselves to become better citizens and mentors to those we serve. Training activities like the Poverty Simulation, which helps participants to understand what it is truly like to be a person or family in need, give Vincentians a new insight into the world of those we serve. Poverty Simulations also offer lessons on how to begin the systemic change process in people's lives. Utilizing the strategies that help foster systemic change will result in many positive outcomes:

• It enhances the dignity of those we serve by allowing them to become part of the solution to their difficulties.
• It empowers people to achieve a better life.
• It strengthens the bonds of friendship that are at the center of our Vincentian vocation.
• It reinforces the importance of the home visit.
• It supports the Catholic social doctrine of solidarity, which emphasizes that we are all ultimately responsible for each other.

This year, we have seen tremendous enthusiasm by more parishes and volunteers looking to join us in our mission of charity. We added new SVDP Conferences (volunteer groups) in Syosset, Mineola, and Hempstead. We connected with various Catholic elementary and high schools for food and clothing drives - an ongoing effort. Lastly, we finalized a partnership between four local organizations to provide veterans with re-entry goods and services.

These achievements were made possible because of Vincentian volunteers and donors willing to step forward to help their neighbors. Likewise, we could not expand our mission in such a way without the consent of pastors who recognize the good work the Society has and will continue to accomplish for the parish community.

Although we have made progress in creating more opportunities to help our neighbors, there is still much work to be done. The cost of living on the Island remains unsustainable for the poor and working poor. We need your continued support to provide vital services to those who seek our help. For those who have believed in our mission of charity for so long and done what you could to support it, Thank You. May God bless all of you reading this letter, our dedicated Vincentian volunteers, donors, and those we serve. It is in their eyes that we continue to see the face of Christ.

Yours in the spirit of our founder, Blessed Frédéric Ozanam and patron, St. Vincent de Paul,
The Society of St. Vincent de Paul continues to be a comforting source of hope in the communities we serve. Although times have changed, the mission to grow spiritually through service to the poor, which was established in 1833 by our Founder, Frédéric Ozanam, is still in effect today and maintains the practical and non-discriminating works of charity as originated by the first Vincentian groups, called Conferences. Conferences are groups of 5-50 laymen and women organized in parishes across Long Island that help people in their local communities. It is through these groups that much of the work of the Society is accomplished. The goal of the Society is to assist the poor, the needy and the disadvantaged, through face-to-face service, providing aid as well as emotional and spiritual support whenever needed.

In the spirit of our patron, St. Vincent de Paul, the Society of St. Vincent de Paul helps any person who demonstrates a genuine need. The Society does not discriminate against age, race, gender, ethnicity, or religion. Each individual is treated with respect and dignity through proactive support. It is not enough to talk about helping others; the Vincentians of the Society of St. Vincent de Paul come together in the spirit of faith and hope, to help change the lives of their fellow man.

The Home Visit

The Society of St. Vincent de Paul is the only organization on Long Island that provides “home visits” as its core service model. This practice is the defining symbol of Vincentian commitment and the ultimate respect for the needy. By assisting families in their homes, the Society reaches out beyond the scope of social services and into the homes and hearts of those seeking aid, providing a safe place for them to confide their stories of struggle. By embracing the humanity of both Vincentian and recipient, the Society can best provide a platform for assistance and betterment.
The Vincentian Spirit is the driving force behind the Society of St. Vincent de Paul and the reason why the organization has been in existence for 180 years.

The essential elements that define members of the Society of St. Vincent de Paul are Spirituality, Friendship, and Service. By becoming personally involved in helping the poor, Vincentians follow Christ and bear witness to His compassionate and liberating love. Subsequently, the poor provide Vincentians with an opportunity to fulfill their purpose and live out their commitment to Christ.

Spirituality touches on who Vincentians are, rather than on what they do. As no form of charity is foreign to the Society and its membership, spirituality is all-embracing and applies to all Vincentians no matter what work of charity they perform.

The Society’s Young Vincentian Groups offer children grades 8-12 and some college aged students a similar experience as their fellow adult groups (Conferences). Although the Young Vincentians do not perform home visits, they do carry out community service projects that develop them spiritually, socially, and morally. Groups such as The Charitable KIDZ at St. Bernard’s Parish in Levittown, St. Frances de Chantal Young Vincentians in Wantagh, and the St. Joseph Young Vincentians in Kings Park, have conducted food and clothing drives, and hosted holiday parties for our disabled friends. They also worked in community gardens and raised money to alleviate poverty through the Friends of the Poor Walk and the Souper Bowl of Caring, two annual national events whose proceeds help the poor. These Young Vincentians have decided to put their concern into action, making their faith a visible sign of compassion and love for their neighbors in the same way that our founder, Frédéric Ozanam, did over 180 years ago.

Vin-cen-tian: [vin-sen-shuhn]
Named after St. Vincent de Paul, a French Roman Catholic priest noted for his work to aid the poor.

“...That Christ may dwell in your hearts through faith; that you, rooted and grounded in love, may have strength to comprehend with all the holy ones what is the breadth and length and height and depth, and to know the love of Christ that surpasses knowledge, so that you may be filled with all the fullness of God.”

We Clothe & Furnish

Whether you’re shopping or donating, you’re giving!

Through the generosity of Long Islanders, the Society of St. Vincent de Paul Thrift Stores are able to offer high quality goods at a fraction of the cost. With the high cost of living on the Island and the continued growth of the working poor, people need affordable alternatives to help furnish their homes and clothe their families. Our stores are a great place for bargain hunters as well as those struggling to make ends meet.

Every time you shop in one of our stores, you are helping a neighbor in need because the proceeds from your purchases support other programs of the Society that feed, clothe, and shelter Long Islanders. Likewise, when you donate your gently used goods, you are creating opportunities for individuals and families to receive vital assistance.

Our stores serve multiple purposes:

- Supply Conferences with material goods for those they serve
- Provide low-income families and prudent shoppers with quality used goods at low prices
- Offer bargain hunters a great treasure hunting experience
- Net proceeds fund administrative and programmatic needs

Food Pantry

According to a 2014 study conducted by Feeding America, nearly 30,000 people seek food assistance each week on Long Island. Moreover, an average of 72% of these households report choosing between paying for food and paying for other necessities like utilities, rent, or transportation. Last year, SVDPLI pantries and partner pantries fed over 71,000 Long Islanders, helping to alleviate hunger and poor nutrition for thousands of our neighbors.

Family Assistance

It only takes one missed rent or mortgage payment, unpaid utility bill or other unmet financial obligation to turn a temporary financial setback into a true financial crisis. And it can happen to anyone. Sudden illness, a layoff, or a natural disaster can send a stable family spiraling into crisis. One of our goals at SVDPLI is to prevent families from experiencing ongoing hardship and help them become financially independent in a short period of time.

To offer respite for families in these types of situations, SVDPLI offers the following programs:

**FAMILY ASSISTANCE:**
one-time financial help to get a family back on their feet.

**ULIFT:**
long-term support to help a family pull themselves out of a downward spiral caused by a temporary setback like a layoff or illness.

“When I left the safe house, I was traumatized, scared, and crying.”

Dalia lived in a safe house for thirty-four days with her two young children after she gathered the courage to leave her abusive husband. She did not know what would become of her or her children and she spent many days afraid and alone. When it was time to leave the safe house and move into a shelter, she was referred to the local church, which referred her to the Society of St. Vincent de Paul. A Vincentian named Annie visited her in the shelter and offered a listening ear and a heart to help. In addition to financial and material assistance, including help with transportation, food, and school supplies for her children, Dalia received counseling, guidance, and encouragement from Annie and her Conference (volunteer group). Annie inspired Dalia to attend a local community college, by which she graduated with a certificate in GREEN, empowering her to utilize renewable energy skills that she learned in her village growing up. Annie motivated Dalia to pursue employment prospects until she landed a job and because of that position, Dalia is able to provide for her children today.

“When I left the safe house, I was traumatized, scared, and crying.”

Annie made me feel important and empowered when I was at my lowest point. She is my angel.”

We House & Rehabilitate

“You will discover that God can be ‘seen’ also in the face of your brothers and sisters, especially those who are most forgotten: the poor, the hungry, those who thirst, strangers, the sick, those imprisoned.” (cf. Mt 25:31-46).” – Pope Francis

Anthony House is a transitional home for homeless men, many of whom are burdened by addictions that they need help overcoming. Others struggle with criminal pasts, long-term unemployment, and many other circumstances. Anthony House has a very successful employment program that helps residents find employment usually within two weeks of entering the program. Upon their departure, Anthony House also helps residents secure housing near their place of employment with money they have saved during their stay.

Dismas House, named after the good thief crucified with Christ on Calvary, is a transitional home for men who have lost their way. It was designed for men who are suffering from the disease of addiction, who recognize the need for change, and are willing to do whatever is necessary to improve their quality of life.

In 2015, 67 men resided at Anthony House, while 94 men received outpatient referral and counseling services.

In 2015, 25 men resided at Dismas House, while 97 men received outpatient referral & counseling services.

283 people helped
I came to Dismas House directly from prison on November 27, 2014. As I was walking down the block I thought, ‘What am I getting myself into? This is going to be a disaster.’ I thought I would end up in some trashy rooming house with ten guys to a room. I was prepared to knock on the door and say, ‘No thank you, I’m not staying here.’ If I would have done that, it would have been the worst mistake of my life. Dismas House turned out to be one of the best things that ever happened to me. I met the staff, Fred and Allen, and they treated me like family. The first thing they did was feed me. To my surprise, the place was clean and every resident had his own private room.

Within two days of living at Dismas House, my son came to visit me. That’s when I found out that I was going to be a grandfather.

Today, me and my son are closer than ever. My son used to look up at me and tell me that he hated me. Now, he tells me that he loves me and that he’s proud of me. I don’t want to lose that.

The way I was brought up, I never thought of alcohol as a problem. Now, thanks to the knowledge I’ve gained at Dismas House and the skills I’ve learned to cope with life, I’ve realized that it is and that I have a choice. If I go out and drink, my doctors have told me that they’re going to find me a cemetery plot, because that’s where I’ll end up. However, I take care of myself now. Before, drinking would have been more important. Aside from my health, the number one reason I want to stay sober and on this path is my grandson. My son told me that if I mess up again, I’ll never see my grandson again. That would devastate me. Just getting pictures and videos of him doing things brings me so much joy. It’s a second chance for me to be the father I never was. I love that feeling more than I ever loved drinking.

“When I was in prison, I used to say that the first thing I’m gonna do when I get out is get trashed, but I didn’t. I came to Dismas House. And it’s the best thing that’s happened to me. I don’t want to drink anymore.” – James Curry

“If not for Dismas House, I don’t want to think about where I’d be. This program saved my life.”

The Society of St. Vincent de Paul is committed to practicing good stewardship of all funds entrusted to its mission of helping the poor and the needy on Long Island. All contributions are monitored to ensure compliance with donor intent. As a Catholic lay organization, the Society operates within the Diocese of Rockville Centre; however, we are an independent 501(c)(3) organization and we do not receive funding from the Diocese.
The 2015 statistical report shows the outcomes of the Society’s efforts across Nassau and Suffolk Counties. The financial and material support of the Long Island Council and its Conferences helps families avoid hunger, homelessness, and additional hardship.

The Friends of the Poor Walk is held annually, across the country, and raises millions to help the poor in America. In 2015, the event on Long Island raised nearly $160,000, 100% of which was used to aid people facing hardship. Walk participants enjoyed refreshments, live music broadcasted by 103.1 MAX FM, face painting, giveaways, group photographs and raffle prizes. Popcorn and ice cream were served to walkers upon finishing the 5K route.

To continue our tradition of honoring a standout Vincentian that has dedicated their life to serving others, Paul Hodermarsky, Diocesan Council President from 2009-2015, was presented with the 2015 Vincentian Honoree award at the Walk.

Growing Partnerships in 2015

2015 brought us the pleasure of partnering with amazingly caring children from various Long Island Catholic Schools who put their faith and spirituality into action to serve others: St. Dominic Elementary School, St. Joseph School in Ronkonkoma, St. Aidan School, St. Mary’s Elementary School, St. Peter of Alcantara, St. Edward the Confessor, Our Lady of Lourdes School in Malverne, All Saints Regional Catholic School, and St. Isidore School. We were deeply humbled by the dedication of the students, faculty, and their families as they collected clothing for our Earth Day Clothing Drive in April, gathered warm coats for the winter, and contributed new toys for Christmas.

At the Society of St. Vincent de Paul Long Island, we are so happy to have the help of the community as we assist Long Islanders in need. We are optimistic that these young children from our schools will continue goodwill towards their neighbors as demonstrated by the high school students from Bishop McGann-Mercy, St. Mary’s High School and Our Lady of Mercy Academy in Syosset who continue to serve those in poverty on Long Island. This past fall, the sophomore class of Chaminade High School conducted a business attire drive for men as part of their Sophomore Spirit Day. Imagine the recipients of these donations, many heads of families who now have a decent suit to wear to a job interview that could change their lives forever!

Our work with schools did not end with donating clothing and toys. The Video Broadcasting Club at St. John the Baptist Diocesan High School has contributed countless hours filming, interviewing, and editing video that documents our charitable work on Long Island. Projects we once thought impossible, are now coming to fruition because of the help of these extremely giving and talented students. Please watch these videos that we are so proud to display on our website at www.svdpli.org.

Aside from working with various schools, 2015 also brought us the opportunity to work with a few Long Island companies who also hosted clothing and coat drives and toy drives. The staffs of Suffolk County Department of Health Services, Brighton Collectibles, Equinox Financial Partners, and Long Island Health Collaborative eagerly helped us this past year.

We at the Society of St. Vincent de Paul truly cannot begin to explain the appreciation we have towards the students of our Long Island Catholic Schools and the staff of these Long Island businesses. We look forward to continuing these partnerships and creating more opportunities where we can all work together to help Long Island families in need.
